

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE NOTICE OF PURCHASED GAS )  
ADJUSTMENT FILING OF WESTERN )      CASE NO. 99-070-N  
KENTUCKY GAS COMPANY            )

O R D E R

On December 21, 1999, in Case No. 99-070, the Commission approved rates for Western Kentucky Gas Company ("Western") and provided for their further adjustment in accordance with Western's gas cost adjustment ("GCA") clause.

On June 26, 2001, Western filed its GCA to be effective August 1, 2001.

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. Western's notice includes revised rates designed to pass on to its sales customers its expected decreases in wholesale gas costs. Western's expected gas cost ("EGC") for firm sales customers is \$5.3826 per Mcf, a decrease of 59.63 cents per Mcf from the previous EGC of \$5.9789. Western's EGC for both high load factor ("HLF") firm customers and interruptible sales customers is \$4.5315 per Mcf.

2. Western's notice sets out no current period refund factor ("RF"). The total refund factor of .05 cent per Mcf for firm sales customers, HLF firm customers and interruptible sales customers reflect adjustments from prior periods. Western's notice sets out no refund adjustment for T-2 firm and T-2 interruptible transportation customers.

3. Western's notice sets out a correction factor ("CF") of \$1.4216 per Mcf, which is effective from May 1, 2001 until November 1, 2001. The CF is designed to collect under-recoveries of gas cost for the 6 months ended January 31, 2001.

4. Western's notice sets out a Performance Based Rate Recovery Factor ("PBRF") of 6.02 cents per Mcf, which is effective from February 1, 2001 until February 1, 2002.

5. Western's gas cost adjustments are \$6.8639 per Mcf for firm sales customers, \$6.0128 per Mcf for HLF firm customers, and \$6.0128 per Mcf for interruptible sales customers. The impact on firm sales customers is a decrease of 58.46 cents per Mcf from the previous gas cost adjustment of \$7.4485.

6. The rates in the Appendix to this Order are fair, just and reasonable, in the public interest, and should be approved for final meter readings by Western on and after August 1, 2001.

IT IS THEREFORE ORDERED that:

1. The rates in the Appendix to this Order are approved for final meter readings on and after August 1, 2001.

2. Within 20 days of the date of this Order, Western shall file with the Commission its revised tariffs setting out the rates authorized herein.

Done at Frankfort, Kentucky, this 24<sup>th</sup> day of July, 2001.
